# REPORT OF

# The Legal Remembrancer to Government, North-Western Provinces and Oudh,

## FOR THE YEAR ENDING 30th SEPTEMBER, 1886.

By G. E. KNOX, Esq., C.S.,
Acting Legal Remembrancer to Govt., N.-W. P. and Oudh.

ALLAHABAD:
NORTH WESTERN PROVINCES AND OUDH GOVERNMENT PRESS.
1887.

# REPORT

OF THE

# LEGAL REMEMBRANCER TO GOVERNMENT,

## NORTH-WESTERN PROVINCES AND OUDH,

### For the Year ending 30th September, 1886.

---

No. $\frac{2447}{\text{F.-887}}$.

FROM

G. E. KNOX, Esq., C.S.,

*Legal Remembrancer to Government, N.-W. P. and Oudh,*

To

*The Chief Secretary to Government, N.-W. P. and Oudh.*

DATED ALLAHABAD, THE 27TH MAY, 1887.

SIR,

I HAVE the honour to submit the annual report upon the work done by me as Legal Remembrancer during the year 1885-86. With every wish to submit the same within the date prescribed for its return, I have been prevented from doing so by causes beyond my control. In spite of reminders, the returns from some districts in Oudh have come so late that one of them was received on the 19th March; in other cases the returns originally submitted were superseded by fresh returns which I was asked to substitute for those already sent in. The labour of recasting the totals and averages in consequence has been incessant. The returns now in force are simpler and fewer in number than those which were required before the office of the Legal Remembrancer was constituted, but the change has so disturbed the office hands in many of the districts, especially in Oudh, that they seem unable to adapt themselves to the new procedure. I intend visiting most of the Oudh districts this year and will endeavour to remedy this difficulty as far as it can be done.

I now address myself to the litigation to which the Secretary of State was a party during the year under review.

APPENDIX A.

*Statement I.—Civil Suits in Courts of First Instance.*—The total number of suits for disposal in the Courts of first instance was 75, of which 62 belong to the North-Western Provinces and 13 to Oudh. The returns for last year show only 63 suits. I know of no particular cause for the increase, beyond increased accuracy in the returns under Miscellaneous cases. Of the seventy-five 28 are still pending; of the forty-seven which remain the State has been successful in thirty-seven, six have been lost, two were compromised, and two withdrawn. The net result is a percentage of 78 cases gained as against 87 in the preceding and against 75 in the year 1883-84. From a financial point of view, out of Rs. 48,953 which the State claimed, Rs. 28,126 are represented by pending claims, only Rs. 402 have been lost and 98 per cent. of the total sums claimed recovered. Out of claims laid against the State and amounting to Rs. 41,498, Rs. 12,705 are accounted for by pending cases,

and of the balance Rs. 28,793, only Rs. 1,578, or ·05 per cent., have been recovered by the claimants.

On analysing the unsuccessful cases, I find that only two—one being a suit for Rs. 41 and another a reference under the Land Acquisition Act in Ballia—were cases really lost. In the remaining cases the Secretary of State, by contesting the claim, succeeded in having it considerably reduced—in fact reduced to an amount which, if the plaintiff had been willing to accept it in the first instance, would have been paid over to him at once without demur. To give examples,—claims, which the plaintiff assessed at Rs. 419, Rs. 3,668, Rs. 76, and Rs. 140, were reduced by the Civil Court to Rs. 298, Rs. 600, Rs. 31, and Rs. 105 respectively. The case in which the claim was laid at Rs. 3,668 and only Rs. 600 decreed is a good example. The Legal Remembrancer was from the first prepared to tender the amount eventually decreed, but the plaintiff was advised by his lawyer not to yield. The two cases which were compromised would have never gone to Court had the Collectors of the districts concerned given prompt notice to this office of the intention to sue.

*Statement No. II.—Cases in District Courts of Appeal.*—Twenty-two suits were carried into appeal in the District Courts: 9 were instituted by the Secretary of State and 13 by the opposite party. The total number last year was 19. Of the 9 in which the Secretary of State was appellant, two are still pending and in the remaining 7 the appeal was successful. Of the 13 in which the Secretary of State was respondent, 5 are pending and the other 8 were decided in favor of the State. The percentage of success is 100, and from a financial point of view nothing has been lost by the State in the District Courts of appeal.

*Statement III.—Cases before the High Court, Judicial Commissioner of Oudh, and Her Majesty's Privy Council.*—In the High Court the State appealed one suit and won it. Out of nine suits brought against the Secretary of State two are pending and two have been lost. The percentage of success is 75. From a financial point of view the State appealed a claim of Rs. 250 and won it, and out of Rs. 12,306 claims brought against it, the State has had to pay Rs. 10,035. Of the two appeals decided adversely to the State, in one the claim was pressed for Rs. 2,939 and the High Court finally decided that only Rs. 1,239 was due; in the second appeal lies the only serious loss of the year. It was a reference under Act X of 1870 concerning land close to the railway-station at Saháranpur. Up to the last the claim made by the appellant seemed to be a fancy one, and it is open to great doubt whether all the circumstances in favour of the State were fully represented to the High Court.

*Statement No. IV.—Realization of sums decreed due to the State.*— The balances outstanding at the commencement of the year amounted to Rs. 69,069, and of these the sums realized were Rs. 3,151, or 4 per cent. of the total amount. This shows a slight improvement as compared with the preceding year. During the year under review the sums decreed in favor of the State come to Rs. 5,528 and the recoveries to Rs. 2,065 (37 per cent.) This is unsatisfactory as compared with last year, when 50 per cent. of the sums decreed during the year were recovered. On examining the balances I find that they are virtually composed of sums decreed in the districts of Moradabad, Sháhjahánpur, Bánda, Allahabad, Benares, and Gházipur. In Bánda the decree on account of which arrears are due was not passed till the 15th of September, and recovery during the year was virtually impossible. In Moradabad the same reason holds good; in Benares the amount outstanding is due from the Maharaja of Dumraon and execution was suspended pending appeal; if the appeal be successful the sum will be recovered. The items due in Allahabad are probably such as might have been realized within the year without trouble if prompt measures had been taken by the Government pleader; in Sháhjahánpur the mistake had been made of suing a man who had no property from which the decree could be recovered. Of the old balances as much as Rs. 24,817 have been remitted with the sanction of Government.

A table is subjoined showing the exact amount that had to be recovered under the several heads principal, interest, and costs and the recoveries. It seems to call for no further explanation.

| Heading. | Decreed during the year 1885-86. | | | | Outstanding from previous years. | | | |
|---|---|---|---|---|---|---|---|---|
| | Decreed. | Recovered. | Percentage of recoveries. | | Decreed. | Recovered | Percentage of recoveries. | |
| | | | 1885-86. | 1884-85. | | | 1885-86 | 1884-85 |
| | Rs | Rs | | | Rs. | Rs. | | |
| Principal ... | 1,255 | 224 | 17· | 87· | 54,516 | 1,783 | ·3— | ... |
| Interest ... | 1,484 | 129 | 87· | 42· | 5,494 | 44 | ·8— | ... |
| Costs .. | 2,788 | 1,712 | 61· | 15· | 9,059 | 8,324 | ·14— | ... |
| Total ... | 5,528 | 2,065 | 37· | 50· | 69,069 | 3,151 | ·4 | 2· |

*Statement V.—Amount expended in litigation.*—The costs incurred by the State in its litigation during the year amounted to Rs. 6,806 and the total amount recovered was Rs. 3,036. Under this last item appear certain costs which were awarded in past years but recovered during the present year. This must always be the case. The costs expended on a suit have to be paid out as soon as the suit is taken into Court, often a year or more elapses before some of these costs are decreed and a still further interval passes by before they are recovered. It is thus most difficult to submit a satisfactory comparison of what has been expended and what has been recovered.

In the review passed by Government upon the statistics of last year (para 6), it was said that—"It is not always easy to understand how certain calculations in your report are brought out, or what items of expenditure are taken into account. It is stated, for instance, that the cost of litigation in Oudh, where there were 23 original suits and numerous appeals, only amounted to Rs. 195-15-0, and in the North-Western Provinces for 40 original cases, besides appeals, to Rs. 1,469; but the process of calculation is not verifiable from the report." I am afraid no process of calculation can be instituted from which any satisfactory comparisons between the cost of litigation in both provinces can be deduced. Statement V. is based upon the Treasury Officers' accounts as received from each district. It should show exactly what sums have been realized during the year by Government out of the various decrees of which the State is decree-holder and also what sums have been paid out to Government pleaders for prosecuting or defending suits during the same interval. A series of these receipts for ten years might be balanced against a series of sums expended within the same decade, and it might thus be ascertained how far the State gained or lost on the whole by its litigation. In order to contrast the cost of litigation in the North-Western Provinces and in Oudh during any given year it would be necessary first to compare the relative value rather than the number of suits in each province (the costs of conducting a suit for Rs. 100 are obviously greater than those for conducting a similar suit in which the value of the subject matter was Rs. 5 only) and next to ascertain exactly the sums paid to the Courts and to pleaders for each suit. The practice regarding payments for civil litigation varies in different districts. Where the Government pleader is a busy and well-to-do man the usual rule is that he advances the monies for stamps and fees out of his own pocket and asks for payment when the case has been decided; in other districts the Government Pleader before he enters upon a suit starts with a lump sum given him by the District Officer and accounts for this sum from time to time.

The cost of a case, whether in the North-Western Provinces or Oudh, must virtually be the same: the pleaders are remunerated on one and the same scale and the

Court fees are uniform. The one disturbing element will be the diet money and expenses of summonsing witnesses and even this cannot vary much. This cost may be more reduced in one province or the other by the care with which suits are instituted and the energy shown in recovering monies once decreed ; but the difficulty of ascertaining this will be admitted when it is remembered as observed above, that costs advanced in 1885, will probably not be decreed till 1886 and not recovered perhaps till 1887, or even later.

## MUNICIPAL LITIGATION.

The suits connected with Municipal Boards have been few in number and the claims mainly connected with disputes relating to title of strips of land adjacent to public roads or to orders issued by the Boards preventing houses being built or added to on the ground of inconvenience to the public. In the Court of first instance out of twelve cases decided three were lost, but in none of the three was the value of the subject-matter higher than Rs. 45. One of these three has been advisedly carried into the High Court on appeal, as the Board concerned and other Boards equally interested are anxious to have a definite decision how far Civil Courts can set aside a prohibitory injunction issued by a Board in cases where the Board is satisfied that such an injunction is necessary in the interests of public safety and convenience. In District Courts three appeals have been decided in favour and two against the Boards concerned. There are two appeals pending before the High Court. Out of a sum total of Rs. 5,096 due on account of sums decreed Rs. 1,208 (or 23 per cent) have been recovered : and owing to costs of previous years having been realized to a larger extent than usual the total receipts of Municipal Board during the year are Rs. 1,209 against a total expenditure of Rs. 668.

## COURT OF WARDS LITIGATION.

The suits instituted by the Court of Wards in the North-Western Provinces have risen from 59 in the previous year to 87 and in Oudh from 83 to 113, but in both Provinces more estates have been engaged in litigation which partly accounts for the difference. There were 72 suits instituted against the Court as against 67 in the year 1884-85. Out of the 272 cases 74 are still pending, and of the balance of 198 cases 160 have been decided favorably, 34 unfavorably, three had to be compromised and one withdrawn. Out of claims amounting to Rs 38,350 brought by the Court and decided the Court of Wards recovered Rs. 30,699, or 79 per cent., and out of Rs. 81,668 claimed from it decrees were given for Rs. 20,887 or for 25 per cent only.

In the District Courts of appeal out of 61 appeals 32 remained pending, 19 were won and 10 lost by the Court. None of the appeals lost in the North-Western Provinces were of any great value. In Oudh the heaviest losses were in the Mahona and Musepur estates and these will be duly accounted for to the Oudh Revenue Department.

In the High Court there were nine appeals for disposal : three were decided in favor of the Court and the remainder are still pending. Before the Judicial Commissioner of Oudh there were two cases and both were lost ; in neither case was the amount at stake considerable, and in one of the two the Judicial Commissioner reduced the amount claimed from the Court of Wards by more than one-half.

The Court of Wards in the North-Western Provinces out of a total sum of Rs. 90,827 due to them recovered only Rs. 10,675, or little over 11 per cent ; in Oudh out of a total sum of Rs. 34,872 the Court recovered Rs. 6,855, or 19 per cent. This is below the sum realized in the previous year in both cases. There has been no want of watchfulness on the part of this office ; in every case in which a decree was reported immediate orders were issued for recovering the amount decreed and progress reports called for. These reports are however seldom received, and unless they are sent in with greater regularity it is impossible for this office to do more in the way

of supervision. The districts in which little trouble appears to have been used to recover even the amounts decreed during the year are :—

| District. | Amount decreed. | Amount realized. |
|---|---|---|
| | Rs. | Rs. |
| Muzaffarnagar ... ... ... ... ... | 1 242 | 33 |
| Meerut ... ... ... ... ... | 1,043 | 113 |
| Etah ... ... ... ... ... | 6,228 | 330 |
| Moradabad ... ... ... ... ... | 3,093 | 14 |
| Benares ... ... ... ... ... | 1 947 | *Nil.* |
| Gházipur ... ... ... ... ... | 835 | *Nil.* |
| Unao ... ... ... ... ... ... | 14.166 | 151 |
| Bara Banki ... ... ... ... ... | 2,493 | 111 |
| Rae Bareli ... ... ... ... ... | 2,846 | 401 |

The receipts on account of decrees during the year amounted to Rs. 11,827 ; the costs expended in litigation reached Rs. 8,946.

APPENDIX D.

The total number of suits of all kinds was 489, and of these only 59 have resulted in unfavorable decisions. There is a marked difference under Class X which was returned last year as blank. This is due to more accurate returns. Last year some districts took no notice of these applications and considered them part of the original suits, other districts returned them under the same class as the suits out of which they arose. The majority of suits were for declaration of right to or for possession of real property, and next in order followed suits arising out of contracts. The falling off in suits to set aside acts or orders of public officers is a satisfactory feature.

APPENDIX E.

The recoveries on account of Government dues in pauper suits have slightly improved, being 23 instead of 21 per cent. The returns for the North-Western Provinces show 21 per cent. and the Oudh returns 23 per cent. realized out of the total outstandings.

I have the honor to be,

SIR,

Your most obedient servant,

G. E. KNOX,

*Acting Legal Remembrancer to Government,*

*North-Western Provinces and Oudh.*

(1) The Shahjahánpur Collector reports that the whole sum outstanding is recoverable, and the Collector of Pilibhit reports to the same effect.

(2) The Collector of Benares reports that of the balance shown Rs. 80-8 is irrecoverable, and for the rest there is a fair hope of recovery.

(3) The Mirzapur Collector reports that only Rs. 2-8 are irrecoverable, as they represent sums paid for court-fee stamps.

# ORDERS OF GOVERNMENT.

No. $\frac{626}{\text{VII}-432}$ OF 1887.

FROM

THE SECRETARY TO GOVERNMEN ,

N.-W. PROVINCES AND OUDH,

To

THE LEGAL REMEMBRANCER TO GOVERNMENT,

N.-W. PROVINCES AND OUDH.

DATED NAINI TAL, THE 29TH AUGUST, 1887.

SIR,

JUDICIAL DEPT. (CIVIL).

I AM directed to acknowledge the receipt of your report for the year ending 30th September, 1886. The report, which was due on January 1st, is dated May 27th, and you explain that the delay in submission is again due to the difficulty experienced in obtaining correct statements according to the new forms from some of the Oudh districts. Your proposal to visit these districts in the ensuing cold weather and confer with the Magistrates of Districts is cordially approved, for indications are not wanting that the requirements of your office, both in respect of periodical statistics and of procedure in the conduct of litigation, are imperfectly understood in several district offices. You state that the returns now prescribed are simpler and fewer than before. Personal explanation may, therefore, be reasonably expected to remove the difficulties which you mention. As regards the alleged elaborateness of the procedure prescribed for the submission of legal business to you from Government offices, the Lieutenant-Governor and Chief Commissioner will of course be glad if you can see your way to simplify it; but it has to be borne in mind that the increased formality and technical exactitude which the courts now insist on, make it indispensable that the Government law-business should be conducted with greater elaboration and precision than was formerly thought necessary.

2. Your report is considerably shorter than that of last year, being drawn up on the lines laid down by G. O. No. $\frac{209}{\text{VII}-312-2}$ of 1886. The first section (State litigation) is dealt with in detail, and a brief summary only given of the work done under the heads of Municipalities and Court of Wards.

3. The number of suits to which the State was a party, instituted or pending during the year in all the courts, amounted to 107. Of these 75 were original cases, which were instituted or pending in the courts of first instance. Compared with the figures for previous years, the number of original cases shows a considerable increase. Sixty-two out of the 75 belong to the North-Western Provinces, as against 40 in the previous year; and 13 to Oudh, as against 23 in the previous year. It would seem, then, that whereas litigation in the North-West has increased, in Oudh it has been on the decline. In 37 cases the State was successful: 28 were still pending at the end of the year: six were

lost, two compromised, and two withdrawn. The percentage of suits gained has fallen from 87 to 78. You show, however, that only two of the unsuccessful cases were in reality lost. In the others the Government by contesting the claim succeeded in having it reduced to a sum which, had the plaintiff been conciliatory, would have been paid to him at once without demur. Of Rs. 48,953 sued for by Government, Rs. 28,126 are represented by pending claims, and only Rs. 402 were lost. Of the claims laid against the Government, which amounted to Rs. 41,498, Rs. 12,705 were pending at the close of the year, and Rs. 1,578 have been won by the claimants.

4. The result of the litigation in the district courts of appeal was still more successful. Of the 22 suits carried in appeal to these courts, 15 were decided within the year, and in every single case the State was successful. In the High Court the State brought only one appeal, which it won. In nine other appeals to that court the State was the respondent. Of these two are still pending, five were decided in its favour, and two in favour of the appellant.

5. The progress made in realizing sums decreed in favour of the State cannot be considered very satisfactory, though you consider, after detailed examination of the outstandings, that on the whole better results could not be expected. The unrecovered dues of previous years amounted, at the beginning of the year under report, to nearly Rs. 70,000. Of this only Rs. 3,151 was recovered during the year, and nearly Rs. 25,000 has since been written off by Government as irrecoverable. The Lieutenant-Governor and Chief Commissioner relies on you to see that in respect of future decreed debts no unnecessary delay shall be allowed in their recovery. If the claim is not pressed at once, the probabilities that it will never be recovered greatly increase. You report that only 37 per cent. of the amounts decreed to the State during the year under report was recovered by its close. Making allowances for the particular circumstances you mention, it seems clear that the proportion would have been higher had due diligence been exercised by the Government Pleaders of certain districts.

6. Rupees 6,806 were spent by the State in costs, and Rs. 3,036 recovered. You explain that the recoveries have no necessary connection with the year's expenditure, as in many cases the costs which they represent were incurred in former years. You also take occasion to clear up the question raised by Government in its remarks on your report for 1885, as to the comparative cost of litigation in Oudh and in the North-Western Provinces. You explain that the comparison should not be made on the number of suits, but on their value; and that practically the cost of litigation is the same in the two Provinces, since pleaders are remunerated on one and the same scale, and stamp-dues are the same.

7. The results of Municipal litigation may thus be briefly summarized. In courts of the first instance of 12 cases decided three were lost. One of these three has been appealed to the High Court. In the previous year, of 31 suits instituted, 12 were lost. The decrease in

litigation is considerable. In the district courts, Municipalities gained three appeals and lost two, and two are still pending. Of Rs. 5,096 due on account of sums decreed, Rs. 1,298 have been realized.

8. Litigation in which the Court of Wards in the North-Western Provinces and Oudh was concerned was unusually heavy during the year. In all there were 272 cases instituted or pending in the original court: of these 74 are still pending, 160 were decided in favour of the Court of Wards, 34 were lost, while four were compromised or withdrawn. In the district courts of appeal the Court of Wards won 19 cases and lost 10; in the High Court it won all the three appeals decided during the year; while in the Judicial Commissioner's Court it was equally unsuccessful in respect of two appeals. These results can be considered only moderately satisfactory. The small proportion of decreed claims recovered by the Court of Wards certainly requires explanation; and the Board of Revenue will be requested to look into the subject, especially with regard to the districts in which little trouble was taken.

9. The Lieutenant-Governor and Chief Commissioner approves the care and diligence with which you have discharged the duties of your office, and he considers that the general results of the year show that the present arrangements for the conduct of the legal business of the Government are sufficient and satisfactory.

I have the honor to be,

SIR,

Your most obedient servant,

T. W. HOLDERNESS.

*Secy. to Govt., N.-W. P. and Oudh.*
